

37G PolyTuff Butyl Gloves

Data Sheet

Key Features

- Multi-layer construction provides superior chemical protection to single layer gloves
- Seamless, lightweight protection, roughened grip
- Low modulus formulation for superior hand tactility/less hand fatigue
- Protection against ketones (MEK, MIBK, acetone)
- Protection against esters (tricresyl phosphate, amyl acetate, ethyl acetate)
- RoHS Compliant
- 100% Butyl (no latex)
- Size: XS – XL, 14" length, Hand Specific
- Pack: 1 pair/pack

Industrial Applications

- Laboratory
- Aircraft maintenance
- Automotive
- Propellant manufacturing
- Munitions handling
- Defense materials handling HD, GB, VX

Quality Assurance Conformity

EN 420:2003 + AI:2009	Protective Gloves – General requirements and test methods			
	Glove design and construction - General (4.1)	Sizes and measurement of hands (5.1.1)	Sizes and measurements of glove (5.1.2)	Dexterity (5.2)
EN 374-1:2003	Protective gloves against chemicals and microorganisms – Part 1: Terminology and performance requirements			
	Minimum liquid proof length (5.1)	Penetration (5.2)		
Mil-DTL-439760	Gloves, Chemical Protective			
ASTM 0412	Test Methods for Rubber Properties in Tension			
ANSI/ASQ z1.4 (ISO 2589)	Sampling Procedures and Tables for Inspection by Attributes			
FTM Standard No. 601	Rubber Sampling and Testing			

About QRP Gloves

Founded in 1974, QRP Gloves, Inc. is a global growth company and leading independent supplier of gloves and fingercots for use in industry.

Known for innovations such as the first Class 100 cleanroom latex glove, first carbon-free ESD control glove and first ESD control finger cot, all QRP products are engineered to increase yields in industrial applications, high technology manufacturing, aerospace, biotechnology and pharmaceuticals.

For further information about QRP Gloves, Inc., feel free to call us at: 800-832-3882, ext. 250, PO Box 27466 Tucson, AZ 85726 or email us: info@QRPGloves.com

37G PolyTuff Butyl Gloves

GLOVE COMPOSITION

Material:	Butyl Rubber	Material Color:	Black
Mil Thickness:	7	Length:	14 inches
Country of Origin:	USA	Product ID:	37G

Physical Data

Dimensions			
Nominal Measurements:	Length: 12 inches Thickness: Average 7 mils in working fingertips and palm		
Physical Appearance:	Black hand specific gloves, rolled beaded cuff, roughened grip		
Powder Coating:	Light		
Case Pack:	1 pair/pack	1 pack/case	

Storage: Store in a cool, dry location, away from sources of light. Avoid extremes of heat or cold. Recommended storage temperature range: 50°F - 86°F (10°C - 30°C)

PROTECTION STANDARDS

The information presented herein, while not guaranteed, was prepared by technical personnel and, to the best of our knowledge and belief, is true and accurate as of the date hereof. No warranty, representation or guarantee, express or implied, is made regarding accuracy, performance, stability, reliability or use. This information is not intended to be all-inclusive, because the manner and conditions of use, handling, storage and other factors may involve other or additional safety or performance considerations. The user is responsible for determining the suitability of any material for a specific purpose and for adopting such safety precautions as may be required. QRP, Inc does not warrant the results to be obtained in using any material, and disclaims all liability with respect to the use, handling or further processing of any such material. No suggestion for use is intended as, and nothing herein shall be construed as, a recommendation to infringe any existing patent or to violate any federal, state or local law or regulation. User assumes all risks. In the interests of continual product improvement, specifications subject to change without notice. The information contained in this sheet relates only to the specific material designated herein and does not relate to use in combination with other material or in any process. The information presented is from sources deemed to be reliable, but the thoroughness or completeness is not guaranteed.

Note: Gloves are included in the Manufactured Article Exemption of the Hazard Communications Regulations in the Code of Federal Regulations (29 CFR 1910.1200). As a result, an MSDS is not required. QRP endeavors to provide as much information as is possible about the product in its catalog and product information sheets.
