

MSATAC

Excellent Cut Resistance from a 1 Ply

WITHOUT THUMBHOLE

WITH THUMBHOLE

APPLICATIONS

Metal Fabrication
Glass Handling
Automotive
Plastics and Molding
Aerospace

FEATURES

Worldwide Protective Products MSATAC sleeve is constructed using a blend of cotton and our proprietary ATA® performance engineered yarns. This sleeve offers ANSI Level A4 protection accompanied by outstanding cut resistance. As a comfortable, easy to wear 1-ply sleeve, it's two times stronger than comparable 2-ply sleeves made from traditional para-aramids. Available in any length, and with or without thumb holes.

ATTRIBUTES
