

# SP AIR CORPORATION

**SP-7770** 1/4" Rotational Head Ratchet Wrench

**SP-7772** 3/8" Rotational Head Ratchet Wrench

## Applications:

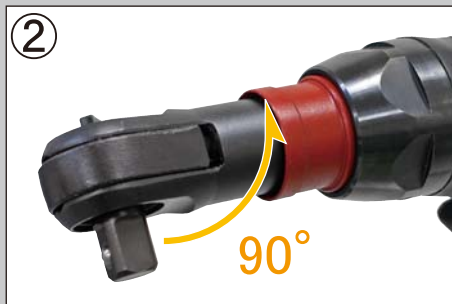

Compact head design allows access into confined areas that normally must be fastened by hand. Excellent for under-dash, carburetor, body shop repair and light duty work. Side ring adjusts easily for the most comfortable head position.

## Features:

- Adjustable head in 90-degree angle.
- Built-in air regulator.
- Ball type socket retainer for positive retention.
- 360-degree rotating rear air exhaust deflector.
- 360-degree swivel air inlet.

To adjust head, slide the ring forward and turn the ratchet housing.
