

Figure A

Figure B

## FDSC-13 ASSEMBLY INSTRUCTIONS:

1. Install handle on the bottom of the cart. Insert hinge bolt and 1" washer as shown (Figure A).
2. Attach nut and tighten onto the hinge bolt to secure handle to base (Figure B).
3. If using optional brakes, install and secure into the threads located above each wheel on the front of the base. Pull brake handle forward to lock brakes, back towards the handle to unlock.

*Note: Brakes may sometimes be shipped pre-installed.*
